## PROJECTS

---

### Car Rental System

📅 06/2023 - 11/2023

Developed a comprehensive Car Rental System designed to manage vehicle rentals, customer information, and booking processes. The system includes features such as real-time vehicle availability, customer registration, booking management, and payment processing. It is built with a focus on user experience, scalability, and integration with third-party services.

## CERTIFICATES

---

- completed 1 month internship at INFOTRIXS as a Front End Developer
  - From 1st November 2023 to 30th November 2023.

**Crt-ID: ITFED-112023245**

- Completed the online course Python for Beginners **simplilearn**

**Certificate code : 4693831**

- Completed Introduction to SQL from simplilearn

**Certificate code : 4679440**

- Java Development Internship

-Duration: 1 Month ( 1st June 2024 - 1st July 2024 )

**Certificate code :07-2024-63239**

## EDUCATION

---

M.Sc in Computer Science

**Gulbarga University**

📅 2022 - 2023

- Designed a Car rental system project .
- Designed a project management & learning environment for a class of 40 students

B.Sc in Computer Science

**Gulbarga University**

📅 2017 - 2020
